the AZSBDC can help
your business succeed!

One Day Website

Every business needs a website!

In this one day workshop you will learn the basics of good website design and will create your own site using free tools and services that require no programming or computer skills beyond the ability to type. We will show you how to make your site easy to find using search engines with some simple and easy techniques and how to sell your products and services online. We will even help you integrate social media tools like Facebook. All you need to

bring are images for your website (72 DPI TIFF or JPEG work best) on a flash drive, your ideas and a sack lunch. We provide everything else.

Learn How To....

- Design and build your own website using **FREE** tools and services.
- Optimize your site for search engines like Google, Yahoo and Bing.
- Integrate Social Media such as Facebook, Twitter and Blogging into your site.
- Set up a shopping cart and sell items from your website.
- AND MUCH MORE...

Presented By....

Northland Pioneer College Small Business Development Center
